What going off gold standard by law will mean:
Government bonds need not be redeemed in gold, but can be paid in any legal money.
Private debts, such as mortgages, can be paid in any legal money regardless of whether the original contract stipulated gold.

The war debts owed by foreign countries can be paid in any legal money, gold not being necessary.
It will be unlawful to stipulate gold, in contracts made hereafter, as the medium of payment.

All coins and currency legally issued will become legal tender for payment of public or private debts.

COMMITTEE APPROVES HELVERING SELECTION

WASHINGTON, May 26.—(P)—
The senate finance committee today favorably reported the nomination of Guy T. Helvering, of Kansas, as commissioner of internal revenue by vote of 10 to 7.

Except for Senator Walsh, democrat, Massachusetts, who opposed the report, the vote was along strict party lines, with ten democrats voting for approval and six republicans voting with Walsh against Helvering.

roting with Walsh against Helvering.

The committee had been investigating complaints for several weeks involving Helvering's handling of tax cases before the government and his recommendations for postmasterships while serving in the house.

The committee also approved unanimously the nomination of Thomas Hewes, of Connecticut, to be assistant secretary of the treasury. The committee also approved unantended, on false representations that he could locate the kidnaped Lindbergh child and term it over to her. The baby later was found murdered.

Elimination of Destructive Competition Predicted at Association.

CHARLOTTE, N. C., May 26 .-A)-Confidence that "destructive competition" in the textile industry will be eliminated by the newly-developed policy of self-regulation under federal policy of seit-regulation under rederai supervision was expressed by T. M. Marchant, of Greenville, S. C., presi-dent of the American Cotton Manu-facturers' Association, in an address today before the Southern Textile As-

sociation.

Marchant and Frank K. l'etrea, of Columbus, Ga., president of the Southern Textile Association.

Marchant and Frank K. l'etrea, of Columbus, Ga., president of the Southern association, were the principal speakers at the opening of the organization's annual convention.

Marchant, a member of the nation-wide committee on regulation of the cotton textile industry, came here from Washington where he has been in conference with government officials on the industry's problems.

"More than two-thirds of the cotton spindles already have indorsed President Roosevelt's plan for self-regulation of the industry," Marchant said. "In pursuance of the president's plan, the cotton manufacturers have recommended that the hours of labor in cotton mills shall not exceed 40 hours per week and that the running time for productive machinery shall not exceed two shifts of 40 hours per week." "Probably the most significant ex-

for productive machinery shall not exceed two shifts of 40 hours per week.

"Probably the most significant expression of the new principle by which industry shall be conducted was given by the president himself when he declared that the government should assist industries in their efforts toward self-regulation.

"Economic principles that have hitherto controlled American industry are now facing far-reaching changes. The familiar principles of unrestrained competition, expressive of rugged Americanism and individualism are now being criticised by the highest departments of the government as contrary to the public interest.

"In its place a new idea has gained amazing strength, which is that competition should be tempered to the interests of the group rather than individuals. Concretely, this means that businessmen should abolish practices that in the past have led to ruinous prices and profitless operations."

Referring to the authority given President Roosevelt to exercise "strict surveillance" over industry, Marchant said "we have every reason to believe this grant of authority will be utilized, because the president in his recent speeches has emphatically declared"

THE WORLD'S WINDOW

BY PIERRE VAN PAASSEN.

A famous Russian professor has completed experiments which have led him to announce that human life can be prolonged to 200 years and that 120 will be the average age people will reach in the future instead of 60 or 65, as is the case at present. The nature of the experiment is too complicated to understand, and certainly too involved for discussion by a layman. Suffice it to say that French and German savants were present at his final demonstrations in the Leningrad Brain Institute and that they report themselves in agreement with the Russian scientist.

It must not be thought, however, that the prolongation of human life is soon to be popularized. We are far from that point yet. Still we are on the way. This seems certain. There is no limit to human ingenuity, apparently, and I would not be surprised if death were not further conquered some day by the invention of a serum which would have the rown of

which would have the power of prolonging life indefinitely.

The thought of being 200 years old, however, disturbs me. Even 150 looks a distressing age to reach. There is mention in the Bible of several men who reached a higher age to be averaged. mention in the Bible of several men who reached a higher age, to be sure. But of many of them it is recorded that when they did finally die, they did so "filled with their days." In Hebrew this reads: "satiated and satisfied with their days." In other words they had enough of it. Yet on the other hand, if science can some day prolong life the words of Isalah will be fulfilled: "And no child shall die before the term of tix life." It die before the term of its life!" It was of the new earth which he saw in his vision that the prophet was

Once an agreement is reached the sole function of the federal govern-ment is to enforce the terms of the agreement on a minority in any in-dustry that disapproves and seeks to violate the agreement.

These far-reaching changes in the economic structure slipped by almost unnoticed in the house debate as members concentrated their oratory in debating the income tax sections of the measure.

By raising the income tax rates in the lower brackets part of the \$220,000,000 will be obtained. Rates on average incomes are raised from 4 to 6 per cent. Thus, if a man has \$3,000 of taxable income after deducting his exemption he will pay \$180 tax instead of \$120 under the former schedule.

mains unchanged. To raise the rest of the \$220,000,000 the bill increases corporate dividends.

All of these levies can be repealed

All of these levies can be repealed by President Roosevelt if sufficient revenue is found from other sources to make up the \$220,000,000. Statistics have been produced in an attempt to show that ratification of prohibition repeal, with the subsequent revenue from the sale of liquor, would make up the \$220,000,000.

Riding on the bill is another important provision which extends the excise, or "nuisance taxes" for one year. That section was written in because of last minute orders from the White House. Its effect will be to guarantee a revenue of about \$500,000,000 additional to the federal government for the next three years. It assures a balanced budget and places the federal government's credit in an impregnable position when the time arrives to float the \$3,300,000,000 public work bonds.

While the house was voting on the bill, Presilent William Green, of the American Federation of Labor, issued an estimate that 600,000 unemployed men returned to work in April. He placed the number of unemployed in April at 12,730,000.

harge Concerns \$666, 666.67 Payment From Management Fund,

NEW YORK, May 26 .- (AP)-The nird and last count on which Charles . Mitchell is accused of defrauding ne government of \$850,428 income y the prosecution in federal

It concerns a payment to the former ational City bank chairman of 666,666,67 from the management and of the National City Company hich Mitchell admittedly did not

ter on his income tax return. The government contends it was in-me and subject to tax. The defense sists it was an advance against ex isists it was an advance against ex-ected profits, to be repaid if they siled to materialize. The profits were ot realized but the government says fitchell has not paid back the money. Frank W. Black, a former partner Mitchell who said he had prepared e banker's tax returns "ever since here was an income tax," was ex-mined on this point.

United States Attorney George Z. Iedalie' quesioned the witness in reat technical detail as to the items acluded in Mitchell's return.
"Did you include an item of \$666,667?" he inquired.
"No sir," Black replied.
"Did such an item come to your tention?"

"Do you recall seeing on Mr. Mit-hell's books dated July 1, 1929, an em "City Company M. Fund \$666, as 677."

'What was the conversation?" "My recollection is that Mr. Mit-nell called me in and that he told e with reference to that \$666,666.67 hich appeared in his cash book dated rly 1 as received from the National try Company management fund, that was not to be included in his re-ra, for 1929 for the reason that the ational City Company had informed in that item had been rescinded as payment from the National City impany management fund and was any management fund and was considered as an advance and

ot as a payment."
Testifying from his work sheets, lack said Mitchell's compensation in 129 from the bank and the National ity Company totalled \$1,206,195.02, selusive of the \$666,666,67. The payents were made up as follows: From the National City bank—sal y, \$75,000; management fund. \$616.

minister, whose soundness of faith has been questioned.

The Rev. J. E. McJunkin and the Rev. Algernon Killough, the complainants, were called before the commission to explain their charges which followed publication of an article on evolution by Dr. Smith.

Upon motion of E. P. McCallum, of Memphis, the assembly sent a telegram of felicitation and good wishes to the Rev. A. B. Curry, of Greenville, S. C. former moderatos.

A telegram signed "Charles S. Walker, chairman Tulsa county, Oklahoma, prohibition organization," and asking the church to oppose efforts of the "wet forces" was received and referred to the committee on bills and overtures.

and referred to the committee on bills and overtures.

Most of the day on the floor of the assembly was taken up with reading of reports from standing committees, practically all of which were adopted without debate.

A resolution was adopted pledging the church to a three-year program for evangelism. It was offered by the Rev. I. Cochrane Hunt, of Kansas City, Mo. Under its terms, the committee on stewardship and finance is directed to study the entire question of the evangelistic method and "endeavor to relate all of the constituted agencies of the synods and presbyteries in a unified effort to emphasize the evangelistic forward movement in every church throughout the assembly."

calling the legislation of "utmost importance" because:

"(a) It completely regularizes the present de facto situation as to both public-and private debts.

"(b) An offering of treasury obligations must be announced on June 5 and issued June 15. It is essential that no question as to the good faith of the government be raised in connection with this issue or future issues. Few congressional leaders would

Few congressional leaders would comment on the legislation without further study, but Senator McNary, the republican leader, predicted it would meet with opposition "because of the retroactive feature."

The resolution, introduced by Chairmen Fletcher and Steagall of the sennate and house banking committees, respectively, asserted that "the holdings or dealings in gold affect the publict interest, and are therefore subject to proper regulation and restriction."

It then asserted that obligations "which purport to give the obligee a right to require payment in gold of a particular kind obstruct the power a particular kind obstruct the power of the congress to regulate the money of the United States and are inconsistent with the declared policy of the congress to maintain at all times the equal power of every dollar."

With this preamble, the resolution then proceeded to declare all such provisions "to be against public policy" and forbid any such provision in future obligations.

of the Congress to regulate the money of the United States and are inconsistent with the declared policy of the congress to maintain at all times the equal power of every dollar."

With this preamble, the resolution then proceeded to declare all such provisions "to be against public policy" and forbid any such provision in future obligations.

The aim of the legislation was aketched in the following paragraphs:

"Every obligation, heretofore or hereafter incurred whether or not any such provision is contained therein or made with respect thereto, shall be discharged upon payment, dollar for dollar, in any coin or currency which at the time of payment is legal tender for public and private debts.

"Any such provision contained in any law authorizing obligations to be issued by or under authority of the United States is hereby repealed."

Legality of the gold clause in public and private contracts has been a moot question since President Roosevelt took the nation off the gold standard and issued regulations against the hearding of the metal.

Chairman Steagall said the resolution was a move to "repeal the gold standard by statute."

Fletcher said it would specifically repeal the "gold clauses" in the acta of 1910, the second liberty bond act and subsequent legislation.

He made public a memorandum

"It would make certain of congress."

Explaining further, Fletcher's memorandum said "questions of interpretation" had arisen with respect to legis lation empowering the president to reverent the withdrawal and hoarding of gold and the Thomas inflation amendment.

The memorandum said "guestions of boligations and that the time of payment is legal tender for many favore the payment is legal tender for public and private debts.

"This doubt should be payable in legal tender for many specific coin. To promise to do otherwise under the present circumstances would open the government obligations. It is essenti

CHINESE PIRATES LOOT SHIP, KILL 6 OF CREW

SFANGHAI, China, May 26.—
SFANGHAI, China, May 26.—
(A)—A tale of a desperate battle with pirates off the North china coast was told by the captain of the Chinese steamer Kungchantiai, plying between Dairen and Shanghai, when the ship was towed today to Liuho, on the south bank of the Yangtse river above the famous Woosung forts. One hears the question on every and, "What is the matter with the oral perception of our young peo-le?" What's the matter indeed save at we educate them to read and

that we educate them to read and then permit them to come up with such foul fantasies as Nathaniel West has written in "Miss Lonelyhearts." What's the matter indeed save that while we teach them, or try to, that marriage is a sacred institution, and that the home is the foundation of civilization, that love is the greatest thing in the world, and virtue its own reward, yet we put into their hands.

thing in the world, and virtue its own reward, yet we put into their hands books that laugh and mock at everything we have taught them to reverence, including God and religion? What's the matter, indeed, save that we lay a foundation upon which to build their lives and then permit spiritual vandals to come along and with rude and ruthless hands wreck them, before the foundations are set?

on the south bank of the Yangtse river above the famous Woosung forts.

Six members of the crew were dead and seven were gravely wounded by pirate bullets. The vessel herself was helpless.

While the steamer was en route to Shanghai May 21 a storm caused the skipper to anchor off the north coast of Kiangsu province. At nightfall three junkloads of pirates, armed with pistols, spears and swords stormed the vessel.

Despite the resistance of the crew the buccaneers boarded the steamer, killed or wounded the 13 seamen, compelled the skipper to surrender, and looted the ship from stem to stern, robbing the passengers of everything, including most of their clothing.

ROOSEVELT WILL CHECK
ON SHOALS DAM PLANS
WASHINGTON, May 26.—(8)—
President Roosevelt is checking up on the construction of Dam No. 3 at Muscle Shoals, Ala., and if it is for purely navigation purposes he will permit it to go ahead.

It is Mr. Roosevelt's understanding that the only work now being done is on the canal lock. He also had been told that whether the dam is to be used merely for navigation or for power, the canal lock is necessary for marigation. If that is correct, the work on the canal lock will go ahead and be completed. If it is not correct, the work on the canal lock will go ahead and be completed. If it is not correct, he will not permit the lock to be constructed.

Culbertson on Contract Insuring Safety.

BY ELY CULBERTSON. World's Champion Player and Greatest Card Analyst.

Probably more hands are lost at the Contract table—hands that should be made—because the Declarer, for one reason or another, reaches the conclusion that his contract is safe no matter what line of play is adopted than for any other reason. The result often is that he discovers unusual distribution of a suit too late to do anything about it.

An interesting example of the proposition that it pays to take nothing for granted in Bridge occurred in a recent international team-of-four match in Berlin, Germany:

South, Dealer.

Both sides vulnerable.

Herr Cohn

The final contract was six spades, with Herr Cohn, the South player, as Declarer.

The Opening lead was the club King. South, of course, won with the Ace and now faced the problem of play. He drew trumps, then stripped his own hand of clubs and both his own and the Dummy's of diamonds, completing the elimination with the lead a small heart, upon which with the lead in the Dummy. At this point he led a small heart, upon which East played the 3 and South the 6. Surprisingly, this held the trick, but it was a play that was bound to win against almost all possible heart distributions unless four to the Queen-Knave-9 were in the West hand, in which case there was but one play that could save the contract. Through the elimination play and the correct play of the heart suit, after the elimination had been completed. South lost only 1 heart trick and made his contract.

The reader will note that even if

only I heart trick and made his contract.

The reader will note that even if West's singleton heart had been higher than the 6, it would not have made any difference, as in that case he would have had only clubs or diamonds to lead and the Declarer could thus have ruffed in one hand and discarded a losing heart in the other. Obviously, if West had two hearts, the play could not fail, as in that event East could have only three. In fact, if this were the distribution, the manner in which the heart suit was played would have been immaterial, but Herr Cohn rightly protected himself against unfavorable distribution. Had he played the hand in the usual manner, his contract would have been defeated.

REVIEWING THE SHOWS

Cagney Is at Georgia
In "Picture Snatcher"
Vames Cagney, the bad boy of the screen, comes to the Georgia theater today in his latest Warner Brothers production, "Picture Snatcher," in a thoroughly hard-boiled role, although a delightfully entertaining one. The picture will be offered for one week.

"Picture Snatcher" is based on a newspaper story by Danny Ahern, which treats of a little known phase of the work on a yellow tabloid of the most sensational type. Jimmy, in the title role, is the go-getter picture man who gets photographs of people and news events by hook or crook, regardless of ethics or common decency. He is particularly fitted for the job, having served a term in Sing Sing for robbery just before he enters upon his new duties. He decides to go straight and become the most resource-ful and daring picture snatcher on the paper.

Patrica Ellis, a 17-ven-old Broad-

aper. Patrica Ellis, a 17-year-old Broad-Patrica Ellis, a 17-year-old Broadway ingenue, plays opposite Cagney in her first leading role in pictures. She was cast for the part after her notable work as the ingenue in "The King's Vacation," starring George Arliss. She also played the part of Joe E. Brown's girl in "Elmer the Great." Added subjects especially selected to go with the feature picture include a Mack Sennett comedy, "Daddy Knows Best," a Bosco cartoon entitled "Bosco's Nightmare," and the world's latest news in Georgia News Events.

Seats on Sale Today

Seats go on sale this morning at 10 o'clock at the Erlanger theater, box office for the Peruchi Players. This new organization will present next week as its first offering to an Atlanta audience "What Price Woman?" a modern comedy by Charles Harrison. It has never been seen here before but has been highly acclaimed in other cities.

before but has been highly acclaimed in other cities.

The Peruchi Players, headed by C. D. Peruchi, famous for nearly four decades in the south as an operator of stock companies, bring to Atlanta something new in this city's theatrical experience of recent years. They offer the highest type of stage entertainment at prices on a par with those charged by picture theaters. The price scale at night is 15, 25 and 40 cents, while on Wednesday and Saturday matinees the scale is 10, 15 and 25 cents.

The company is one of the most capable ever seen here, headed by Grant Gordon, a recently featured player in the New York Theater Guild production of "Mourning Becomes Electra," and Mary Ann Dentler, famous for her portrayal of lead roles in many resident stock companies over the city and for her work in companies headed by Margaret Anglin, Florence Reed, Mary Boland and other stars.

There will be an eight-piece novelty orchestra in the pit and singing and other vaudeville numbers between the

other vaudeville numbers between the acts of the play.

Seats may be secured today, or any week day for any performance of the week and reservations may be made for the entire season, assuring the same favorite seats for the patron and week.

Plenty of Fun Found In 'Made on Broadway'

"Made on Broadway," the feature from showing at Loew's Grand the ater, is the story of a super-press sgent who finds the going easy until he meets his match in a super-gold-digger. This Metro-Goldwyn-Mayer film has more than its share of laughs and is combined with good acting by Robert Montgomery, Sally Eilers and Madge Evans.

In "Made on Broadway," Montgomery is as elever and as amusing as he as ever been. And Miss Eilers and liss Evans portray their roles capaly. This type of picture should prove opular with Atlanta theater-goers.

New Screen and Stage | Rialto Has O'Brien

Program Today at Fox Sidney Howard's famous play, "The Silver Cord," which was an outstanding stage success when produced some eight or ten years ago by the Theater Guild, has been made into a brilliant talking picture, under the same title. It is the feature screen attraction on the new program that opens at the Fox theater today.

On the same bill is another clever Fanchon & Marco stage program and the same title, and the interesting half a dozen famous vaudcyille acts. The sunkist Beauties are also present in all their glory, while Mel Ruick once again acts as master of ceremonies and leads his stage band in some hot chan umbers. Jimmy Beers adds his always popular numbers at the organ and there are interesting short screen subjects to complete the bill.

"The Silver Cord" is the story of a mother whose abnormal affection and jealousy for her two sons comes to save her own life, and the life of the baby to be, from ruin only by boldly telling the older woman exactly what she is and what her selfishness is doing.

The story of "Hold Me Tight" was specially adapted to the individual talents of Dunn and Miss Eilers. It traces the romance of a young boy and girl who, over insurmountable barriers and the unscrupulous dealing of others, rise to realize their own love. The locale is laid entirely in New York with characteristic backgrounds which heighten the action.

Much of the story is centered in one of the largest department stores of the production is a view of the latest fashions in every branch of women's apparel.

Tarzan, hastening to rejoin his wife after their separation during the Red War, could know no rest until he could be with her again. But just when he was crossing the last rough barrier in his path, a mad fresk of fate-thwarted his purpose. On the steep mountain slope, the ground suddenly slipped beneath his feet.

Helpless before the hurtling landslide of boulders and debris, Tarzan fell rapidly down the slope. By a heroic effort he managed to catch at a projecting root. Inch by inch he was extricating himself, when a small rock struck him on the skull. Dizzy and stunned, he pulled himself out of the now slackening avalanche.

Daily Bond Averages.

By VICTOR EUBANK.

NEW YORK. May 26.—(49)—Further strength of secondary rail loans lifted the bond market to new high levels for the year today as freight car loading reports and general business news continued optimistic.

Sales totaled \$14,979,000, par value, slightly under yesterday's aggregate, Saies totaled \$14,979,000, par value, slightly under yesterday's aggregate, and the average for 60 domestic corporate issues advanced six-tenths of a point to 75.2.

porate issues advanced six-tentas of a point to 75.2.

The more active carrier loans up 1 to around 4 points included some of Alleghany Corporation, Baltimore & Ohio, Louisville & Nashville, Missouri Pacific, New York Central, Nickel Plate, Northern Pacific, Iron Mountain, St. Louis Southwestern, Southern Pacific, Southern and Wabash.

Among the better utilities and industrials were loans of American Ice, American Telephone, Columbia Gas, General Cable, Goodrich, International Cement, International Paper, Studebaker and United States Rubber, Bonds of Remington Arms, Niagara Share. Fisk Rubber, Colon Oil and American International were somewhat heavy.

What heavy.
United States government United States government securities were steady to firm, although not es-pecially active. Improvement was shown by most foreign obligations, including some of Argentina, Austria, Brazil, Denmark, France, Italy, Ja-pan and Great Britain. German bonds

CHICAGO GRAIN AND PROVISIONS May July Sept. Dec. CORN— .564 .354 .50 .614 By JOHN P. BOUGHAN.

By JOHN P. BOUGHAN.
CHICAGO, May 26.—(P)—Rightabout-face market action gave a quick lift 70 grain prices late today following a sudden influx of buying orders from the east.

Augmented buying was attributed to indications of fresh inflation moves. Grain trading had ended before definite word came of President Roosevelt's proposal for repeal of the gold standard act.

Wheat closed strong at the day's top figures, 3-4 to 1 1-8 above yesterday's finish; corn 5-8 to 1 1-4 advanced, oats 1-8 to 1-4 up, and provisions unchanged to a rise of 10 cents.

Provisions went upgrade, respon-sive to action of hog values. Cash Grain.

NEW YORK, May 26.—(R)—Following in the wake of rising prices on the "big board," curb stocks today surged upward in late trading to close around the best levels of the day.

The widest gains were registered among the various specialties. Advances of 1 to 5 points were recorded by Jones & Laughlin, Axton Fisher, Celanese issues, Deere & Company, Celloid Corporation, selected industries, National Sugar and Tubize Chatillon.

Chatillon.

The utilities turned up at the finish after having lagged in earlier dealings. Electric Bond & Share and American Gas & Electric chalked up gains of major fractions while Natural Fuel Gas advanced a couple of points.

ural Fuel Gas advanced a couple of points.

Oils were slightly mixed. Humble improved a sizeable fraction while Standard Oil of Indiana dipped nearly as much. Mining shares were in substantial demand, Newmont advancing 2 points while Lake Shore gained more than a point.

Investment holding corporations were the strongest in some time. Atlas and Cord Corporation each advanced more than 1 1-2 points in active trading. The turnover approximated 562,000 shares compared with 491,000 yesterday.

Prior to the news the market hadbeen ruling firm at net advances of slightly more than \$1 per bale on commission house and trade support owing to relative strength at Liverpool and favorable reports from the cotton goods market. October sold up from 8.82 to 9.18 and elosed at 9.15, with the general market closing strong at net advances of 39 to 42 points.

The opening was \$ to 10 points higher on higher cables and firmness of the stock market. The trade, commission houses and Liverpool were early buyers and with offerings relatively light, prices rose to net gains of 18 to 21 points in the more active positions during the early trading.

At these levels, however, there was some local realizing and increased southern selling apparently

At these levels, however, there was some local realizing and increased southern selling, apparently promoted by a more favorable view of the weather, particularly with reference to rain in dry portions of south Texas.

July sold off from 8.70 to 8.57 and December from 9.12 to 8.97, but the market met renewed demand from wire houses and the trade, causing prices to rally again. In the last 15 minutes of trading active general buying carried prices up to net advances of 41 to 44 points and final levels were within a few points of the best.

Advices from Wall Street indicated a renewal of active demand for gray goods at further advances, due to fears that mill working hours might be curtailed to a greater extent than the trade had anticipated. Liverpool cables attributed the advance there to trade and general buying which absorbed continental selling with offerings otherwise light. Manchester reported no confidence in present values and yarn margins easier. Exports today 9,056, making 7,070.159 so far this season. Port receipts 23,231. United States port stocks 4,024,926.

KNOXVILLE WEAVERS

TO RETURN TO WORK KNOXVILLE, Tenn., May 26.—
(P)—Approximately 200 weavers and loom fixers, who had been on strike at the Cherokee Spinning Mills since May 15, voted today to return to work Monday on the promise of a 10 per cent increase in wages July 31.

Their walkout had closed down the plant and thrown more than 400 other employes out of work.

CUTS BUC LEAD

Mancuso's Homer and Ryan's Catch Factors in 6-5 Triumph.

PITTSBURGH, May 26 .- (A)-The New York Giants clipped a game off Pittsburgh's lead in the National league pennant chase today, reducing the Pirates' margin to two games, as their first appearance at Forbes field out, at that.

today.

Gus Mancuso's home run wallop over the scoreboard in left field in the eighth provided the winning run after the Giants had come from behind to tie the score. Bill "Hard Luck" Harris, was the victim of the blow after both starting pitchers, Heinie Meine, of Pittsburgh, and Fred Fitzsimmons, of New York, had been driven from the hill.

A circus catch by Shortstop John

A circus catch by Shortstop John "Blondy" Ryan saved the game for the Terrymen, halting a Pirate rally in the fifth, and Hy Bell, who followed Fitzsimmons on the mound in the next frame, shut ou the league leaders the rest of the way. With two runs in and the bases crammed, Ryan leap-ed high in the air and speared Floyd Vaughan's sizzling liner with his gloved hand for the third out.

gloved hand for the third out.

The Bucs rolled up a three-run lead in the first three innings only to lose it in the fourth when the Giants put together four successive singles, an error by Lloyd Waner and an outfield fly for three tallies. After Pittsburgh's fifth-inning outburst, which resulted from hits by Tom Padden and Freddy Lindstrom, Meine's sacrifice and a misplay by Johnny Vergez, the Giants again knotted the count in the sixth. Manager Bill Terry, drove in the tieing run as a pinch-hitter for Fitzsimmons after George Davis, Vergez and Ryan had poled out base hits.

Don't Be Surprised If Eventually Head Play Gets No Play

There needn't be a great deal of wonder about it if Head day as champions were decided in they slugged out a 6-to-5 victory in Play turns out to be just an in-and-out performer, and mostly

Because his sire, My Play, who was a full brother of Man O' War, the big blond champion, never really got going in the racing business. He would have been rated as just a fair horse but he was cursed by being the brother of Man O' War. So the bookies always made him hot stuff in any race he entered. And

When he was a two-year-old, in 1921, he couldn't get out of the maiden class. He won a race as a threeyear-old but pulled up lame in the Kentucky Derby and was out for quite a while.

As a four-year-old he was fair. The records show he won several events, the best being the Jockey Club cup at two miles.

Head Play's dam, Red Head, never got out of the maiden class as a two-year-old. She got out of the defeated class as a three-year-old, but most of her racing

thereafter was in claiming races Her first foal came in 1928 and was Wintersmoon. Wintersmoon failed to win at two years of age. Head Play, the second foal, was foaled in 1930.

It wasn't much wonder that in 1931 Head Play, offered in the yearling sales, brought but \$550. Head Play was bought by Willie Crump, the Nashville, Tenn-O-See, Jockey, who rode for a Nashville stable, that of Rogers Caldwell, in the good old boom days. He had a leg up on Lady Broadcast in all her starts under the Caldwell colors.

Head Play was, as EVERYONE knows, beaten by a jump at the finish pole in the Kentucky Derby. He was not a maiden but he was defeated by Bradley's Broker's Tip, who was a maiden. He romped home in the Preakness, but was a poor third in the Wood Memorial at Jamaica. And now comes the American Derby.

Head Play has been shipped about quite a bit. This often takes the edge off a horse. But the American Derby will show a lot. The colt that Mrs. Silas Mason bought from Willie Crump on Derby eve in Louisville has already shown more than his sire or dam. But the boys are wondering if Head Play has it in him, and if he has more of the Man O' War strain than his

THAT ALABAMMY VILLAGE.

One wonders if Cousin Zippo Newman, the Birmingham sports soothsayer, saw that little map in one of the Chicago papers wherein was listed the "Alabama villages struck by wister," with Birmingham labeled as one of the villages?

OLD OPPONENTS IN THE AMERICAN.

It's too bad Broker's Tip popped that osselot in training for the Preakness. Else the American Derby on June 3 would look very much like the Kentucky Derby.

Charley O., Isaiah, Ladysman, Mr. Khayyam, Kerry Patch, Inlander, Sarada and several others of the Derby field, are entered. Sarada, who was scratched before the Louisville mile-and-a-quarter, is quoted at short figures, 8 to 1. Head Play is 3 to 1, Charley O. at 5 to 1 and Ladysman at 4 to 1.

Broker's Tip is probably out of the racing game for good. The colt will be sent back as a four-year-old, but the odds are 480. will fade out of the picture and be sent to the Bradley stud.

The three-year-old championship is still in doubt. The Kentucky Derby didn't prove much. What an event it would be if put on in June at a mile and a half! Cinnati 4: bases on balls, off Clark 1, John-son 1: struck out, by Mungo 2, Johnson 2: hits, off Clark 2 in 1 inning, Mungo 5 in 7 innings: losing pitcher. Mungo. Umpires, Pfirman and McGrew. Time of game, 1:37.

The real winner of the championship must win at least three of the remaining numbers—the American Derby, the Bel-mont Stakes, the Arlington handicap and the Travers.

Out-of-state marksmen carried off the lion's share of the silver yestersouthern class championship at the picturesque Capitol Gun Club on Hollywood road.

Hollywood road.

Paul Earle, the shooting star of Starr, S. C., smashed 246 of the sailing clay discs on the second 250 to add to his 248 of the day before in winning the Class A championship with a totai of 494, topping R. M. Jenkins, of Orlears, Ind., by 10 birds, While Earle's aim was not quite so fine as that of Thursday, he won with birds to spare, as the boys say, Jenkins posting a 484.

The doubles championship, shot off

ins posting a 484.

The doubles championship, shot off in the twilight of the day against the background of the shade trees on the slopes, went to "Roaring John" Kries, popular contender from Knoxville. Tenn.. whose 96 set the pace in that difficult event. R. M. Jenkins, the irrepressible Hoosier, again shot his way into the runner-up position in the day's closing event with a 93.

BISHOP WINNER.

E. E. Bishop, of Bradenton, Fla., carried off the trophy in the B Class with a 481 out of a possible 500 birds. Atlanta furnished the runner-up in the person of Young Jackb Tway, son of the Capitol club president, who had 473.

had 473.

In the Class C championship, the shoot's most popular visitor, J. W. Collins, of Dayton, O., the manager for the American Trapshooters Association, was crowned champion to the accolade of the galleries in the most spirited competition of the entire day. Collins, who had the unique experience of tying with J. R. McKibben, of Orlando, Fla., with a 238 on Friday, again found himself in a deadlock with the Floridian after each had broken 237 targets and a shoot-off was necessary to decide the trimuphant gunner after each posted a total of 475.

DEAD HEAT.

DEAD HEAT.

They finished in a dead heat on their first 25, each dropping one bird. The same was true on the second 25 and a third allotment of the same number was called for. Collins dropped one bird and McKibben lost two and the trophy with a 72, while his rival turned in a 71.

Larry Grant, another Atlantan, made a very commendable showing in the Class C division, his 474 being just one bird under the 475 total of Messrs. Collins and McKibben before the shoot-off decided the champion. Grant did some pretty shooting throughout Thursday and Friday, fur-nishing the only real threat to the two gentlemen who ultimately figured

in the spoils. Long runs of the shoot were es-tablished by Paul Earle with his 211 straight and R. M. Jenkins with 159

straight and R. M. Jenkins with 159 consecutive breaks.

Senor Arthur Coscaden, that plump and happy-go-lucky gunner of Tampa, Fla., was high over all of the pros with a 486. Captain M. E. Hicks, now a resident of Decatur, was second high gun with 481, while Walter Huff, the distinguished old Cavalier of the traps, was third with 480

The shoot will come to a close this The shoot will come to a close this morning with the firing of the 200-bird haudicap for all classes. The first 100 of Class A will be fired from 21 yards, Class B 19 and Class C 17. Those breaking 94 or over will move back four yards on the will move back four yards on the second round and those breaking 10 to 94 falling back two yards. Those under 90 will remain at the original yardage.

State Shoot.

The next stop of the shooters will be Albany, Ga., where the state shoot will be held at Radium Springs on May 30. 31 and June 1. Floyd (Bubber) Alford, the official host and hand-shaker for that event, was up to the Capitol shoot, getting things lined up. Most of those who competed in the class championships will take part in the state event.

Another interesting bit of information is that squad 33, the first to be entered for the 1933 Grand American at Vandalia, Ohio, in August, will be composed entirely of southerners, Paul Kreis, of Knoxville; Charley Tway, of Atlanta; Paul Earle, Harry Johnson, of Haines City, Fla., and E. E. Bishop, of Bradenton, will make up the squad. This is the same squad excepting Cuscaden, which broke 125 straight Friday morning. Squad 37 in the Grand American will be formed of Captain M. E. Hicks, Jack Tway, Casper Hoffman, of Denver: J. R. McKibben, of Orlando, and J. W. Collins, of Dayton. These two squads will hold the chief attention of southerners.

Two More Pitchers Mair Item as Robby Plans Trip.

By Ralph McGill.

Atlanta baseball officials swun into action yesterday as the club wa taking a 15-to-5 beating from the Chattaneoga Lookouts, who do no appear to be a good baseball club.

The following decisions were arrived at in a hurry:

1—Wilbert Robinson, president of the club, will leave next week on trip east, where he will contact his friends in the major leagues and seel some help for the Crackers.

2—Two pitchers are the immediat objectives.

2—Two pitchers are the immediat objectives.

3—Wally Dashiell will be returned to second base today after having has treatment for sinus trouble which was interfering with his eyesight. Bo Barrett, who has been filling in, will be returned to Newark today.

4—Julian Foster, Madison (Ga. boy, who has been playing at Van derbilt University, will be given trial in June when he graduates. H will be farmed out to Charlotte for seasoning unless he shows enoug promise to stick. Foster has played first base and the outfield and halled his club in hitting for two seasons. He is a good right-handed hit ter.

NEEDS PITCHERS.

Charley Moore, the manager, ha tried every combination possible. Has needed two pitchers since the opening day of the season. They have not yet been obtained.

Added to this need was the tota and complete collapse of Andy Messenger and Bob Hasty, veterans in the right-handed division. Climas Blethen, who could not win for At lanta, being knocked out on his every start, was released and immediately began winning for Knoxville, which club signed him.

"I regret that the fans of Atlanta who are the greatest fans I have ever seen, have not been given a winner, said Moore. "It is not yet too late and we are determined to do some thing before it is too late.

IMMEDIATE CHANGE.

"There will be a change or so made immediately. I hope the fans will stick with us until we can get thing going. I have never seen a finer loo of baseball fans, and I want then to know that their loyalty makes me all the more eager to give them a base ball team that can win."

Wilbert Robinson, finding that ne gotiations by letter and wire have no had the desired effect, believes that a personal call on the major league owners in the east will bring results the will probably leave Monday.

Robinson has been ill with a severe cold for the past three days but is determined to make the trip and bring back some help for the club. The race is not yet set. The Crackers, despite having been tossed out of the first division on two trips ut there, are still very much in the race.

Nightmares, which usually come with the night, made a daylight stand at Ponce de Leon park Friday after noon while the Chattaneoga Redcaps were taking a farcical game from the Atlanta Crackers, 15 to 5.

The game, which does not merit description, saw Max Butcher, Andy Messenger and Bob Hasty banged lustily and heartily by the Lookou Redcaps who have not hit a lick al

COUPLE OF FLURRIES.

The Crackers had a couple of flurries. They even knocked "Missing' Linke out of the box. But old Clyde Barfoot stopped them cold when he went in to relieve in the sixth.

The Redcaps from Chattanoogt leaped into the lead ir the first in ning when they scored two. They tallied three in the third. Maple, the catcher, hit a home run inside the park in this inning. It was handled rather slowly. He drove in one run ahead of him.

Triples by Klump and Tapson in the fifth, added to singles by Hill and Mihalic, scored three more runs.

A base on balls and a double got one in the sixth. Messenger walked the bases full in this inning with one out and then struck out two men, a flash of his old form.

The fourth saw singles and bases on balls combine to produce four runs and the Lookouts ended by getting over two more in the ninth.

NEVER IN GAME.

NEVER IN GAME. The Crackers were never in the ball game. Eddie Phillips, Bonowitz and Rollings were good at bat. Duck MeKee hit two doubles but fielded

MeKee hit two doubles but fielded erratically.

Frank Waddey, the old Georgia Tech boy, and Scrappy Moore, the old Georgia boy, gave brilliant fielding exhibitions in left and center field, respectively. Waddey reached into the republican stands in left field to catch the final out in the ninth.

Manager Charley Moore will insist on some rapid changes in the ball club while there is yet time. He still needs the two pitchers he insisted he needed in the spring.

The two teams play again today at 2:30 o'clock.

Emory's Sophomere and Med baseball leams clash at 2:30 o'clock this afternoon in a post-season game for the intramural championship. Both teams finished their regular playing season with eight games won and three games lost, tying for first mlace. won and three games lost, trying for first place.

The battery for the Sophomores will be Shannon and Rover. The Meds will start McLennan and Fridge.

The Sophomores, coached by Harrey Hill, have a much smoother team, but the Meds are noted for their batting prowess supplied by individual stars.

This is the first time in three years that a team coached by Rache Bell has not won the Emory championahip. Bell's Seniors finised in second place after losing out to the Meds in a two-game series. The Seniors gave the Meds the tie for the lead when they defeated the Sophomores for the latter's third loss of the season.

Western League.

Three good ball games are scheduled in the Western league of the Southwest Sunday School Athletic Association this afternoon, with Oakland City Baptist and Central Baptists JOY Class probably heading the list at Brisbine park, Oakland City is one notch higher up in percentage, with the JOY's bearing down in close pursuit. Oakland City Methodists, leader in the league, will play the Stewart Avenue Methodists, while the Gordon Street Gideons will tackle the Ben Hillmen at Ben Hill.

In the Southern league, the Barnett Presbyterians will meet the Park Street Methodists in the best game. Both teams are playing improved hall and will provide an interesting game. The Sharon Baptists will play the Central Presbyterian Coed Class, who inhabit the cellar in the league standing. Immanuel Baptists will attempt to pull the Central Christians from the second berth in the win column, while the Lakewood Criterions, who have lost but one game out of seven trys to head the league, will meet Mayson Methodists.

All games will start at 3 o'clock.

HARVARD STADIUM, CAM-BRIDGE, Mass., May 26 .- (A)-Beyond forecasting a much closer battle than had been expected between the powerful track teams of Stanford and Southern California, today's qualifying trials failed to alter well-established expectations that most eastern opposition will be swept aside tomorrow in the rampant rush of the two far western squads for title honors in the fifty-seventh intercollegiate A. A. A. A. championships.

Stanford, still the team favorite, picked up 15 qualifying places for tomorrow's finals and led the filed for morrow's finals and led the filed for the day, thanks mainly to the sensational performances of a strong-armed quartet of weight men.

Southern California, California, the defending titleholder, qualified 14 men ifying trials failed to alter well-estab-

quartet of weight men.

Southern California, California, the defending titleholder, qualified 14 men and made such a surprisingly strong showing on the track that the stock of Coach Dean Cromwell's Trojans spurted upward. Each landed men in nine of the 11 events in which preliminaries were held, cutting the as gregate entries from 300 to 81.

Harvard led the eastern brigade with nine places, an unexpectedly good showing for the Crimson, but New York University and Yale, because of strength in the remaining four events to be contested only as finals tomorrow, looked to be the chief rivals for third place in the final team standing. N. Y. U. picked upseven qualifying places and Yale five. The rest of the preliminary honors were well scattered. William & Mary, from the south, and Michigan State, the sole midwestern contender, collected three places each and tied, Cornell, Pennsylvania and Penn State.

No records were broken and few upsets recorded, as most of the star performers were satisfied to qualify "under wraps."

Beaver is from Gainesville, Ga. He has had more success in doubles competition than in singles.

Bryan Grapt, of Atlanta, thirteenth ranking national star, will be paired as the foundation of California players. Dolph Meuhleison and Donald Robinson, also have sent in their entrance application.

Gus Feuer and Carroll Turner, of Miami, Fla., form another doubles team.

Other entries include Hudson Hamm and Al.Ray White, of Miami; Harry Galut and Jack Simpson, of Atlanta; Columbus, Ga.: Captain James H. Drake and Lieutenant T. S. Sherror the south and Michigan State.

when their doubles victory gave the American squad a sweep of three straight matches, without loss of a set, against Argentina in the interzone final.

Lott aud Van Ryn, the unbeaten Davis cup tandem of 1931, overpowered Adriano Zappa, the Argentine captain, and his mate, Adelmar Eccheverris, 6-1, 6-4, 6-1.

Because the best three out of five matches won the series, tomorrow's two.closing singles encounters will be played as a mere formality. Ellsworth Vines, American and Wimbledon champion, will meet Hactor Cattaruzza, and Wilmer Allison, of Texas, will oppose Zappa.

In yesterday's opening singles, Vines beat Zappa, and Allison downed Cattaruzza.

Georgia 'Opium Farm' Found, Cross Sections of Life Sailor Is Jailed as Dope-Seller

Oplum poppies, grown successfully a sisted of four fields of poppies, which me Georgia for the first time by Tom Georgia for the first time by Tom Georgia for the first time by Tom Williams, attired in overalls, succeeded in purchasing the opium, he said. The farm has escaped detection in the past, as it is located in a wild stretch of country miles from a railroad and main arteries. of in Georgia for the first time by Tom Bird. 60-year-old retired sailor and soldier of fortune, have brought botanical fame to the farmer, but also have landed him in bad with the federal government, it was learned here Friday when parcotic agents returned from making Bird's arrest at Cobb-

Federal agents said that although opium poppies were tried out in Louislana several years ago, little success was obtained in their culture, and it remained for Bird to get beyond the experimental stage in producing from the bulb the milky juice that turns into dark opium after treatment.

Bird is being held in Savannah and will be given a rreliminary hearing before a United States commissioner there this morning. The charge against him is that of selling opium as he allegedly sold amounts to Narcotic Agent P. A. Williams, of Atlanta, on three different occasions.

Louis Ruppel. of Washington, D. C. deputy narcotic commissioner, and T. E. Middlebrooks, former agent here, and now district supervisor of the Washington district, were in Atlanta on a tour of inspection of the east coast and were high in their praise of Williams work. J. J. Biggins, supervisor of the Georgia-Florida district, also was in the city and inspected the poppy bolls brought back from the Cobbtown farm.

Various attempts have been made

Various attempts have been made to grow the poppy in the United States, it was said, but few have progressed beyond the experimental stage. Though the federal statutes provide that anyone raising opium must be registered as a producer with the department of internal revenue, the narcotic men said they made "buys" from Bird.

Bird.

According to Williams, Bird is a retired sailor who speaks five languages and who has traveled to all parts of the world. He is an addict, the agent said, having formed the habit during his travels in the orient, and brought the poppy seeds to America from India 20 years ago and has been experimenting ever since. He has been using the product for his own consumption but recently began to sell small quantities of opium in snuff cans, it is charged.

Williams said that the farm con-

Four or five cans of the finished product were found when Bird was arrested. Williams said, as well as part of his equipment, a special knife for cutting the bolls of the plant. The plants are cut, he explained, and the opium drips out as a white fluid which soon turns brown. This is then collected and heated over a slow flame. Chemists at Savannah who examined the Bird product reported that it contained a high narcotic content.

Bird did not smoke his drug, as is the custom in the far east, but is an "eater," in the parlance of the narcotic agents. He was getting \$2 for an amount which would ordinarily bring \$15 on the market, Williams said

A number of the poppies, saved after the fields were destroyed, were sent to Washington headquarters sent to Wa from Atlanta.
